## **Assistant Professor of Instruction (Marine Sciences)**

The Stokes School of Marine and Environmental Sciences at the University of South Alabama (USA) (<a href="https://www.southalabama.edu/colleges/artsandsci/marinesciences/">https://www.southalabama.edu/colleges/artsandsci/marinesciences/</a>) seeks applicants for a full-time (9 month), non-tenure track faculty position at the rank of Assistant Professor. We seek individuals whose teaching focuses on marine sciences and quantitative marine ecology. USA's Stokes School of Marine and Environmental Sciences has growing undergraduate programs in marine and coastal environmental sciences as well as graduate programs in these fields (M.S. in Marine Conservation and Resource Management, M.S. in Environmental Sciences, Ph.D. in Environment and Society and M.S. and Ph.D.'s in Marine Sciences). A Ph.D. in marine sciences, oceanography marine ecology or zoology or other related fields is required. The successful applicant should be able to teach general marine sciences undergraduate courses as well as upper-level undergraduate and graduate courses in quantitative ecology. The job also requires proficiency and teaching experience in coding languages (R or Matlab). While the primary duties of this position are teaching, advising and service, the successful candidate will also be asked to supervise graduate student internships and capstone projects in our professional Masters programs.

Application should include a CV and teaching statements, and the contact information of three potential references, and should be addressed to Marine Science teaching faculty Search, University of South Alabama, School of Marine and Environmental Sciences and sent by email to <a href="mailto:jherman@southalabama.edu">jherman@southalabama.edu</a>. The position will be based at USA main campus in Mobile, AL. USA is a member of the Alabama Marine and Environmental Sciences Consortium at the Dauphin Island Sea Lab (<a href="www.disl.edu">www.disl.edu</a>), and opportunities to utilize facilities at the Sea lab are available.

Review of application will begin immediately and continue until the position is filled.

The University of South Alabama is an EO/AA employer and does not discriminate on the basis of race, color, national origin, sex, pregnancy, sexual orientation, gender identity, gender expression, religion, age, genetic information, disability, protected veteran status, or any other applicable legally protected basis.
